

I'm writing in response to the pending proposal to allow LPFM service to take priority over FM translator service. I listen to AIR 1 Christian radio. This is the ONLY station I listen to & allow my children to listen to. If you remove their service, there will be no alternatives that I feel are safe for my family to listen to. The popular music has deteriorated to a point that you must listen at your own risk! Air 1 provides a wonderful choice (as well as their sister station K-LOVE) for positive messages for anyone who listens. Please, do not remove my choice to listen to them & nourish the souls of my family & myself. The work they do is so important & they help so many people in various ways. Music is very important to many people & without this choice- many will suffer.

Thank you. Tammy Davis

AIR-1 91.9, 90.9, & 89.7
